# Presidents Message

Dear Fellow Jersey Members and Breeders,

The past twelve months have passed by quickly. The weather has been kind to many of us, with rain being received now. We can do without the devastating storms that many areas have received.

What a great honour it is to be president in the year that the Pure Jersey Breeders Association celebrates its 25<sup>th</sup> Anniversary. I would like to thank the members, past and present, for the support of the dinner and the book. Special thanks go to the people that helped plan and organise the book and dinner. It was great to see and speak to past and present members at the dinner.

It is with great pleasure that I write this message with many happenings regarding our association over the past 12 months. We started with the Feature Show in Nurmurkah with breeders making the commitment to attend and make it a great show. We held two On Farm Challenges, one in Victoria and the other in Queensland, both which was sponsored by Daviesway. It is great to see Daviesway still sponsoring our On Farm Challenges year after year. It is pleasing to see a large number of entries in these events by all breeders.

The 2015 Queensland Feature Show was held in Maleny, entries were slightly down this year but the quality of the cattle being shown were still of high standards. I would like to thank all our sponsors and members for devoting their time to make all these events a huge success. The dedication and devotion that everyone displays for the Pure Jersey breed is to say the least is amazing. I would like to thank all members that take the time to classify their cattle, and thank the classifiers that take the time to do this job.

I would like to thank the committee members for their support and assistance that I have been given over the last 12 months.

I would like to wish the committee all the success in the next 12 months.

Wishing you all a Merry Christmas and Prosperous New Year.

Many Thanks

Warren Davis

# Elenko Jersey Stud

Les & Ella Williams

The Elenko stud was founded in 1945 by Les and Ella Williams at Kyvalley Road, Tongala. With Les's careful selection regarding breed type and production the first Jersey, Elenko's Eileen's Aim, sired by Aim High (Imp) Merit Sire was registered in 1948. Les selected his own foundation animals from an untested herd in New South Wales solely on type and these cows fulfilled his expectations as producers. Elenko stud was rich in the blood lines of Glenmore and Big Hollow Studs of New Zealand.

Elenko began selling Jerseys in 1950, and following their sale in March 1953, the stud needed another herd sire to follow on with the previous Superior Sire, Nyroca Rosie's Clipper. Clipper sired Elenko Primrose VHC who would produce 605 lbs butterfat in 273 days and broke the Australian Jersey record for junior 2 year old. Elenko's VHC cows exceeded 8500 B.F and produced to 163,000 lbs of milk, testing over 5% for lifetime yield.

Les believed Rosie's Clipper did a very good job for type and production he was a masculine bull and his hips, pins and thurls were copy book, but some may of thought his tail setting to high. Les believed from his experience in breeding that this is desirable feature in a bull – if the hips and pins are level the tail setting must be higher than the smooth finish you see in bulls today.

When Les first introduced Glenmore blood lines into the stud he wanted to maintain type and specifically improve back vessels in his cattle. Clipper's daughters could produce to 8000 lbs B.F, not one broke down in vessel but there was room for improvement. The opportunity was taken to visit New Zealand in a quest for a herd sire, Glenmore Imperative was finally chosen, being a double grandson of the leading type, production sire of New Zealand at the time, namely, Dunlavin Excellency who had a Sire Survey of 26 lbs butterfat above that of his daughter's dams. Excellency's sire was Cloverfields Character and his grand sire Oddicombe Dreaming Sam. Glenmore Imperative's Dam, Glenmore Cleopatra, had the best back vessel Les had ever seen.

Les personally selected his bulls and the next follow on bull would again come from New Zealand. He purchased Glenmore Illustrious Lad who was the first sire that Glenmore ever sold privately. Because import restrictions into Australia were being imposed within days, Mr Lovelock gave Les the full selection of his sale offering as, he realised his sale would be too late. Les appreciated what Mr Lovelock had done for him and Illustrious Lad was purchased. Glenmore Illustrious Lad sired a number of top breeding sons and daughters and would go onto attain Superior sire rating, several sons were sold at these sales and they would also go onto obtain superior rating.

At his March 1965 sale a bull named Elenko Glen Lad, sired by Glenmore Illustrious Lad from Elenko Glen Lassie 2<sup>nd</sup> was purchased by John Brian for 480 guineas. This bull would become a great sire to breed on in the history of Jerseys in the country, Glen Lad would become virtually a household name on dairy farms throughout the 1960's and 1970's.

Elenko Glen Lassie 2<sup>nd</sup> sired by Glenmore Imperative had top production records of 682 and 717 lbs B.F. and a lifetime total production of 6095 lbs B.F in 10 lactations, she descended from six cows who all produced over 600 lbs B.F. Glen Lad's first crop of daughters gave him a rating of +37. His daughters being of the correct type and conformation had enabled them to produce at a high level each year for a number of years. These daughters of Glen Lad were surveyed by the Australian Jersey Society and Elenko Glen Lad was granted Superior Sire rating. Glen Lad would go onto be used at the Artificial Breeders in Bacchus Marsh and would be the first Jersey sire to be used extensively through A.B by stud breeders and many commercial dairy farmers.

Elenko would go onto have more sales and sell Jerseys by Fairway Meteors Noble, Fairway Excellency, Waitoa Stylish Sam, Boleigh Designs Wafer, Glenmore Illustrious Lad, Margarethe Cecelia Dazzler 2 (Imp Jersey Island) and Madeley Park Designs Bravo.

Les was wary of low production of two year olds, that if they were of good type, they would get a second chance. This decision proved to be the case for a two year old who produced 300 lbs on her first lactation then 340 lbs on her second lactation and as a junior four year old she topped the state with 642 lbs.

Cattle that were bought from Elenko were shown and would go onto win broad ribbons at major shows around the country. Les's cow pictured Elenko Susan's Gipsy winning 1975 Kyabram Champion never missed a ribbon at a major show. Her sire was Fairway Excellency and her dam Lamorna Dexter's Susan 96pt. Susan's gipsy was line bred to Glenmore Gipsy Girl. (Gipsy Girl was the paternal grand dam of Big Hollow Stylish Major).

Les was Vice president in 1966, 67 and president in 1969 of Australian Jersey Herd Society, Victorian Branch. He was also President of the Northern District Jersey Cattle men's Club, Classifier and Jersey Judge.

# Glenvillan

**Celebrating 70 years of breeding and showing quality jerseys this year.**

## **Maleny Feature Show 2015**

Champion Cow: Glenvillan Tango -Sire- Glenvillan Snowman 2 -Dam- Glenvillan Baby Blue

### Judges Comments

#### Champion Juvenile Heifer

Sunshine Farm Fowlers 5—A nice upstanding heifer.

#### Reserve Champion Juvenile Heifer

Maraglen Pals Misty Isle—A very stylish heifer.

#### Champion Intermediate Heifer

Glenmara Regions Dawn 2—Outstanding heifer with a lovely vessel and predict a big future.

#### Reserve Champion Intermediate Heifer

Aeroview ABIS Evlie—A lovely balanced heifer.

I look forward to seeing them against each other.

#### Champion Cow

Sunshine Farm Cherry 103—She was last years champion and a clear winner on the day.

#### Reserve Champion Cow

Sunshine Farm Silvermine 8—A lovely cow with a lovely vessel but carrying too much condition.

Thank you for the opportunity to judge, although the numbers where small the quality was good and I encourage the exhibitors to keep up their good work promoting jerseys. Thanks also to the stewards and all who contributed in any way.

Sincerely  
R. W. Wilson

2nd W & A Macadam  
3rd Ritchie Family

#### Most Successful Exhibitor

A & P Parsons & Sons

#### The Jersey Cow

By scientific investigation it has been proven that on a given amount of feed, the Jersey cow is capable of producing as large a yield of butterfat and protein and still maintain her body upkeep than any other breed. The Jersey cow must have the correct "Dairy temperament" she must have the "will to give". The quality of Dairy temperament in some cows is so great that if they do not receive adequate food for both body requirements and milk production, they will draw on their reserves until they are skin and bone, giving their uttermost.

Proud Sponsors of the Pure Jersey Breeders Association

### Class 12— Pen of 3 Females any age

1st	Warren Davis
2nd	R & J Lucas
3rd	Crawford Family

### Judging Comments

I would like to thank the Queensland Pure Jersey Breeders club for the opportunity to judge the 2015 On Farm Challenge. It was a real pleasure to see such a high standard of top quality jersey cows competing in well supported classes.

The Senior Best Udder class was outstanding with the 10 placings I selected displaying wonderful udders from top to bottom, with very little between placings. The first 4 placings did have an advantage over the minor placings that could have been swapped around without any problem. The young cow that won this class displayed a near perfect udder. Her udder had capacity great attachment and width with lovely teat placement. She as a 3 year old went on to win the Senior Champion cow displaying maturity and lovely balance and quality. Very nice head and neck, sharp clean bone, very strong top line with lengthy body displaying width and depth of ribbing. A wedge shape cow.

My Reserve Champion from the age class was a very beautiful capacious cow with an outstanding udder that carries lots of milk. I loved her rear udder which I thought was near perfect.

Honourable mention cow was also top class, an upstanding clean boned cow with very strong top line and udder nicely attached. She balanced out to a showy outfit that may have even more success in the future.

Junior Best Udder winner was awarded Junior Champion. There was nothing between her and the Reserve Junior winner who stood up well with nice body balance. The Honourable mention junior was a lovely conformation youngster, with neat udder.

A nice lot of heifers competing for Juvenile Championship. The winner had a lovely strong top line with wide pins. She was lengthy with nice body capacity and udder make up very good.

Reserve Juvenile was very sharp bone and upstanding.

Many thanks to the Queensland breeders who were fantastic in the way I was looked after while in their care. Thanks to Warren for picking me up at Brisbane and driving me to meet up with Clayton. Then staying the night with David and Desi and also 2 of their delightful grandchildren. On Saturday Clayton drove me to exhibitor farms, ending at the Antcliff dairy. Greg then took me to the home of Warren and Jillian Davis where I stayed 2 nights. Then on Monday Warren drove us to Toowoomba where the presentation was held at the Arthur Morris farm. After Arthur took me to his Brisbane home where I stayed the night before catching the plane early Tuesday morning. I am greatfull of the efforts by all who helped make the OFC a pleasurable and successful event.

Terry Simkin

## **Closing date for ads is the 30th April 2016**

### **Greater Valley Pure Jersey Breeders Club**

The Greater Valley Pure Jersey Breeders Club again had a very good year with the annual Jersey Feature Show held again in October with great success. The weather again was very kind with quite a lot of spectators looking on. The Champion and Reserve cow was won again with Sunshine Farm Jerseys (N & J McDonald). Champion cow was Sunshine Farm Cherry 103 and Reserve cow Sunshine Farm Silvermine 8.

Intermediate Champion Heifer was Glenmara Regions Dawn 2 Maraglen Jerseys (P & K Smith) with Reserve Heifer Aeroview ABI'S Elvie Erindale Jerseys (A & J Higgins) and Juvenile Heifer won by Sunshine Farm Fowler 5 (N&J McDonald) Reserve Juvenile Heifer Maraglen Misty Isle. The Judge for the Jerseys was Mr. Ron Wilson (Navillus Jerseys).

The Victorian On Farm Challenge was again very well supported with the Champion cow going to W & A Macadam with the Willows Miss Olive 5. (All results in this Bulletin).

This year's Christmas party was held at the home of Harry and Sandra Adams, where all the OFC results were given out, and as usual Santa arrived and gave out presents to the little ones as well as the oldies. A big thank you to our Judges Mr. George Taylor and Mr. Kelvin Smith and to all who came along to support our Club.

Harry Adams

# Seven Hills Jersey Stud

Our Fuchsia family was well represented in this years On Farm Challenge with Fuchsia 32 winning the 4YO class and Fuchsia 30 2<sup>nd</sup> in the 5YO class. Our Fuchsia family was founded by Dalith Folly's Fuchsia HC+ who was sired by Warwick Folly's Peacemaker. Dalith Folly's Fuchsia was the dam of SH Fuchsia VHC (90) EX, SH Fuchsia 2 SUP (92) EX and SH Fuchsia 4 VHC (90). Fuchsia 30 descends from the Fuchsia 2 line (5 generations removed), whereas Fuchsia 32 descends from the Fuchsia 4 line (grand daughter) via Fuchsia 22 VHC (91) EX.

## Pure Jersey Breeders of Australia Inc.

This year has been a very busy year for the Pure Jersey Breeders, as we just celebrated the twenty fifth anniversary of our organisation. Our celebrations started on Friday the 25<sup>th</sup> of July, when our visitors arrived from interstate and were billeted by our local members.

On Saturday morning we travelled to the home of Anthony and Judy Higgins (Erindale Jerseys) where we had a herd visit and saw some very lovely Jerseys. We then travelled to Mooroopna to visit the Maraglen Jersey Stud of the Smith family, there we were given a very nice lunch. After lunch we had the opportunity to look at some very good cows and heifers, then proceeded to the home of the Sunshine Farm Jerseys (Neville and Janelle McDonald). There too we saw another very good herd of jerseys.

On Saturday evening we all met at the Kyabram Club where we were given a very nice meal, and met up with lots of members from different parts of the Country. After some formal speeches we launched our anniversary book, which was put together with some stud histories and how and why the association was formed.

Sunday morning we travelled to Nar Nar Goon in Gippsland to the home of the Ritchie Family (Seven Hills Jersey Stud), there we were given a very lovely dinner. After dinner we had our Annual General Meeting, then proceeded to see the herd of cows where again we saw more good cows.

After staying overnight at Morwell we all travelled to Nambrock in East Gippsland to see the very nice herd of the Askew Family (Raywyn Jerseys). After the herd visit we were treated to a very nice lunch in the trophy building at the Askew family Jersey Stud. There we saw some very nice photos and trophies, that Raywyn received over their lifetime, and as most breeders would know Raywyn Jersey Stud have claimed as many Champions at Melbourne Royal along with Sydney and Adelaide as any other Jersey Stud.

As Publicity officer for the Pure Jersey Breeders, I would like to thank each and every-one who came along to our Anniversary Celebrations, and to all who made us so welcome at the different farm visits, it was very much appreciated.

Harry Adams

# Maraglen Jersey Stud.

We would like to wish you all a Merry Christmas and all the best for 2016!

2015 has been an exciting year for the Smith's.

We have been busy milking our 130 cows at Ardmona and also participated in this year's Kyabram & Numurkah Show's.

We had great success with this year's show team.

We took a team of 12 animals to Kyabram Show and had a great day with many placings including 1<sup>st</sup> place in the sire's progeny class, 1<sup>st</sup> place for our 2 daughters of the one cow, we also had 4x 2<sup>nd</sup> placings on the day.

With our team of 15 at Numurkah Show we had great success starting with Reserve Champion Bull, Reserve Junior Champion Heifer, Champion Intermediate Heifer and Best Vessel under 4 years. We also had 5x 2<sup>nd</sup> placings and 7x 3<sup>rd</sup> placings!

# Ardlay Jersey Stud

Classification results for 2015 saw the stud gain, 1 Excellent, 32 VHC and 17 HC+.

Ardlay Dollars Lorna (Hasty River Remus Dollar) was awarded Excellent she now joins her Dam Stylish Lorna Exc (14yrs) and her sister Illustrious Lorna Exc (a granddaughter of Golden Oak Bright Gary) in the dairy this season.

Thirty two cows awarded 90, 91 and 92 VHC, Six are daughters of Ardlay HR Troubador. His daughters have proven to be cows of good type and production his sire was Ardlay Hasty Red and his dam Ardlay Sweetrose 12, a daughter of Ivanhoe Red Triumph, her grand dam Winrae Beacons Sweetrose 14 Sup 92. Rose 14 carried  $\frac{3}{4}$  Ferdon and  $\frac{1}{4}$  Elenko Blood she is pictured page 43 in PJBA, 1990 – 2015, book. She went onto win Championships and was awarded Sup 92 at classification. Two daughters of Ardlay WFP Sterling (a grandson of Big Hollow Follys Major) classified, VHC 90 + 91. His Dam is a Hasty River Remus Dollar daughter from the Marie cow family that originally came from the Newsyde Jersey Stud. Unfortunately Dollars Marie (9yrs) finished milking one night left the dairy and dropped dead at the end of the lane way. She was a great milker from a great production family and our current herd sire Ardlay Super Trooper is her maternal brother who is sired by Ardlay HR Troubador.

Five daughters of Hasty River Twilight Red awarded VHC including Sweetrose 75 whose son, Ardlay Red Statesman, was sold into the Eckland Stud. Her fourth dam was Winrae Glads Sweetrose 18 and she was a granddaughter of Katandra Incomparable she is pictured on page 33 PJBA Book she too would win Champion ribbons. Rose 14 and Rose 18 both shared the same maternal granddam.

Four daughters of Rapid Bay Grandious classified VHC 92, 91, and two with 90 points. His son Ardlay Bravo Grandee was used last season and his dam was 2012 OFC Champion Ardlay Bravo Heidi who is pictured on page 42.

Ardlay Bravo Heidi's sire was Madeley Park Designs Bravo (Sire - Big Hollow Designs Meteor + Dam - Big Hollow Sultans Bell). We bought semen after seeing an advert in the Weekly Times. His daughters are cows of good type and production and still carrying very good vessels for their age. These cows have herd tested to 7.0 Butterfat and 4.0 Protein. Heidi was entered in the first On Farm Challenge she was placed third, the next year she placed second, the next On Farm Challenge in 2012 she was entered again, and Heidi would win Senior Champion. Lynmark's Satin would win Reserve Champion (Her sire was a son of Golden Oak Lees Mark from Ardlay Sultans Lynette and she was a daughter of MacDonnell Tandras Lynette). These two cows with Choice Lynette 2 would win the group of three.

Three daughters of Ardlay Starmans Revelier (sire Beledene Grants Starman Dam Ardlay Marks Portia a daughter of Golden Oak Lees Mark) also classified VHC. Starmans Revelier's daughter Revelier's Lynette placed in the Best Vessel class with her Dam and Auntie.

Daughters of Rapid Bay Grand Prix, Madeley Park Designs Bravo, Cleavedale Othello, Margarethe Cecelia Dazzler 2, Ardlay Gold Lancaster, Ardlay Roses Gallant a son of Madeley Park Designs Bravo, Ardlay Royal Statesman and Rapid Bay Ressurrection all VHC.

Ardlay Red Lynette classified VHC 92 she is a daughter of Ardlay Hasty Red, (sire Hasty River Twilight Red – Dam Ardlay Laddys Portia VHC 92). Twilight Red and Laddy both had the same paternal grand dam, Hasty River Roslyn and Portia descends from Merriland Ideal Portia. Red Lynette is one of four daughters of Ardlay Choice Lynette 2 who have all classified VHC (Choice Lynette 2 is pictured page 125 PJBA Book with her Daughter Laddys Lynette 4).

The On Farm Challenge for 2015 the stud entered three daughters of our grand breeding cow Choice Lynette 2. Choice Lynette 2 fourth dam was MacDonnell Tandras Lynette Exc (pictured page 43) her sire Ferdon Tandras Grand and her dam was a daughter of Linmore Banners Fairlane. Choice Lynette 2's daughters Red Lynette, Laddy's Lynette 4 and Grandious Lynette all awarded VHC. The results for this competition has seen the stud win Reserve Senior Champion with Ardlay Red Lynette who would also win Best Vessel and Best Group with her sister Laddy's Lynette 4 and Dundee Satin (Sire Ardlay Bosses Dundee a son of Linmore Zebs Boss and her Dam Lynmark,s Satin) was placed third in her class. In the Best Vessel class three of the Lynettes would win first, fifth and eighth in the highest 10 placings.

The Lynette cow family have won The Best Vessel in three On Farm Challenges, 2012 winner Choice Lynette 2, her daughter 2014 winner Laddy's Lynette 4 and her other daughter 2015 winner Red Lynette.

On the farm there is no irrigation we are dryland farming, we make our own silage and hay and this year records were broken making 1037 silage rolls while carrying a cow to the acre on the home farm. The second farm will carry bulls, calves and heifers and hay will be produced from here expecting to again exceed in rolls. The milkers are fed minimal grain and no crops have been planted because of lack of rain. Production for this season has seen the stud break their production records to date. This year 159 calves were reared on fresh milk and the cows have broken their own records by out producing in any year, to date, by 10,557 litres, 1113 kg Butterfat and 1045 Kg Protein and producing low BMCC milk. Under factory results the whole herd's highest test was 7.25 Butterfat and 4.87 Protein.

In the 1995-1996 season the herd produced 19.644 litres to make a kilogram of Butterfat and 27.929 litres to make a kilogram of Protein. In the 2014-2015 season the herd produced 17.185 litres to make a kilogram of Butterfat and 25.434 litres to make a kilogram of Protein. (Total Litres divide by total solids). In 1995-1996 season the cows made 1 kilogram of solids in 11.533 litres and in 2014-2015 season they made a kilogram of solids in 10.256 litres.
